Falling Leaves

Date:	Event/Location:		Marshall:			
SCA Name	МКА	Branch	Bow Type Open/Period then Handbow/Crossbow, or Youth	Static 8 Arrows	Timed 45 Sec	Total

Scoring:

- Scoring is almost the same as if the target where whole, yellow 5, red 4, blue 3, black 2, all of the white (outside the rings as well) 1, background 0.
 While the archer must make every attempt to aim at and hit the correct leaf with each arrow, should they get so lucky as to hit another leaf the arrow will still score normally. As the spirit of this shoot is to "move you aim point with each and every arrow" archers found to be taking advantage of this last rule and not attempting to switch their aim should have their entire score disqualified. (I.E. play nice and have fun!!)
- Arrows breaking the line score in the Archer's favor.
